

FLEET OPERATOR RECOGNITION SCHEME (FORS)

The Fleet Operator Recognition Scheme (FORS) is a scheme for fleet operators. Its purpose is to raise the level of quality within fleet operations, and to demonstrate which companies are achieving the standards.

There are three levels of FORS accreditation which reward excellence: bronze, silver and gold.

FORS provides us with the information and tools we need to follow best practice, rather than focusing purely on keeping within the law.

F.O.R.S means that GGH HIRE and all companies within the group will need to look at and identify areas of strength to be exploited and areas for improvement to be addressed where our vehicles are concerned.

We need to ensure that our operations are being run safely, efficiently and in an environmentally sound manner.

We will also need to ensure that everyone authorised to drive vehicles is aware of these regulations and that our drivers have all been given the necessary information and training to be able to meet these requirements.

F.O.R.s compliance is vital for the survival of GGH HIRE, its rules and condition will change constantly.

To achieve this in a fluent and cost effective way, GGH now includes any F.O.R.S directive as imperative in GGH

If you would like to know anything about F.O.R.S please do not hesitate to ask
